**Part III DETAILED ACTION**

1. In view of the Appeal Conference conducted 4/10/06 and the prior art of record not teaching the claimed invention as recited by the allowed claims. Claims 1-6 and 7-13 are being allowed over the prior art of record. Prosecution on the merits is closed in this application.

***Allowable Subject Matter***

2. The following is an Examiner's statement of reasons for the indication of allowable subject matter: Claims 1-6 and 8-13 are being allowed over the prior art of record.

The prior art of record teaches different ways of matching or selecting a printer to match identified attributes, however, the prior art of record fails to teach or suggest (in combination with other features of the claims) a method or computer program to match the bit settings designating the attributes of the print job with attributes listed in an attribute printer assignment table nor identifying the printer to send the print job by matching attribute bit settings with those in the table as recited in the independent claims. Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee, and to avoid processing delays, should preferably accompany the Issue Fee. such submissions should be clearly labeled "comments on statement of Reasons for Allowance".
